"PRESS RELEASE"

Re: Free Money Donation Program for Charities!

Ronusa, Inc. DBA: "Auto Accessory Superstore" based in Lexington, KY. is proud to announce a "nationwide" donation program where any approved charity would receive money for free. We are a highly reputable online retailer of high quality automotive accessories since 1999. Here is a brief summary of our new charity donation program:

1. Any non-profit charity; religious or civic organization that is based in the USA can apply to participate in this program by contacting us.
2. Once an organization has been approved; we will supply them with a special promo code.
3. Any customer who purchases an item either through our website; or by phone and provides to us this special promo code that has been assigned; then that charity will receive (5 Percent) of the Total Sale Amount. (Excluding Shipping Charges if applicable).
4. Any charity can easily promote this offer among their supporters and the general public at virtually no cost and or labor by using various online methods; including social networks and so forth. The more promotion a charity does in promoting this offer; then the more donation funds they will receive.

In final summary; we think that this is a great way for any charity to receive free money donations at virtually no cost and or labor. It's that quick and easy for any charity to receive funds! We invite any charity to contact us and to join our free donation program.

Sincerely;

Ron Garrigus - Owner
